Confirmed status badge

Danger

text #D64545 · fill #FBEAEA

Overdue / Cancelled badge

Warning / Caution

text #8A5A16 · fill #FDF1E1 · icon
#E08A2C

Allergy / caution rows

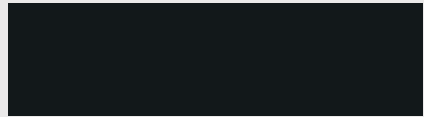

Neutral / Completed

text #6B7280 · fill #F1F3F5

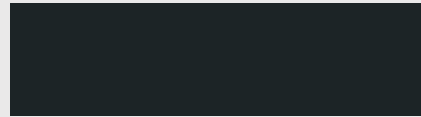

Completed status badge

Dark Mode (Guest AI chat)

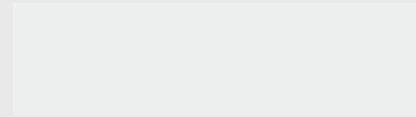

Dark Background

#12181A

Dark Card / Bubble

#1C2426

Dark-mode Text

#EDEFEF

Dark-mode Meta

#8A9498

Typography

Font family: **-apple-system / SF Pro Text / SF Pro Display** (system sans, iOS-native). Single family throughout — weight carries hierarchy.

Aa

Screen Title — 28–30px / 800
Welcome heading, Sign In, Set Up Account

Aa

Large Nav Title — 22px / 800
Appointments

Aa

Nav Bar Title — 18–19px / 700
Pet name, My Profile, AI Assistant

Aa

Card Title / Button — 16–17px / 700
Pet card name, primary buttons, promo card title

Aa

Answer Heading 1 — 16–17px / 700 **New**
Top-level section in a long AI answer (e.g. "Vaccination Schedule")

Aa

Answer Heading 2 — 15px / 700 **New**
Sub-section within an AI answer

Aa	Answer Heading 3 — 14px / 600 New
	Minor grouping label within an AI answer, closest in weight to Body text

Aa	Body / Chat text — 14–14.5px / 400–600
	Chat bubbles, descriptions, info-row values

Aa	Meta / Secondary — 12.5–13px / 400–600
	Breed/age, field labels, timestamps

AA	Section Label / Badge — 10.5–11px / 700, uppercase
	"MY PETS", "DETAILS", status badges, citation pills

In-Chat Headings — on dark bubble

Vaccination Schedule

Core vaccines

Puppy series

Rendered exactly as it appears inside the guest dark-mode assistant bubble (#1C2426 / text #EDEFEF).

Spacing & Radius

Spacing scale

4 · 6 · 8 · 10 · 12 · 14 · 16 · 18 · 20 · 22 · 24px

Screen padding: 16–24px · Card padding: 14–20px · Row gap: 8–14px

Corner radius

Cards / rows: 16–20px

Modal sheet top: 28px

Buttons / chips / badges: 9999px (pill)

Icon tiles: 10–12px

Elevation

Card shadow: 0 2px 12px rgba(20,24,27,0.06)

Small floating buttons (back chevron): 0 2px 8px rgba(20,24,27,0.08)

Primary button glow: 0 6px 16px rgba(31,90,99,0.28)

Iconography

Simple line icons, 1.4–1.8px stroke, no fill except brand mark and small solid accents (e.g. sparkle, paw). Single consistent weight across calendar, weight scale, gender, shield, syringe, document, chat sparkle, paw. Stroke color: **#2F7C88** (in-context) or **#9AA3AC** (muted/meta).

Source Footer Icons

 From our clinic FAQs — guest answer, grounded in clinic FAQ content

 General veterinary knowledge — not from a specific clinic article

 From your pet's records — pet-owner answer, grounded in that pet's own records

Pet-owner answers with no sources show no footer — the scoped banner above the chat already covers that context, so it isn't repeated per message.
